

Utility Solar PV Solutions

Stand the Test of Time

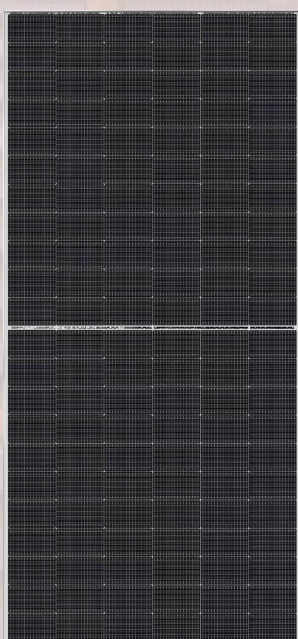

Ultra **V** Pro Series

Power: 585-595W

Model: STPXXXS-C72/Nsh+

Cells: 72 * 182mm Square Cells

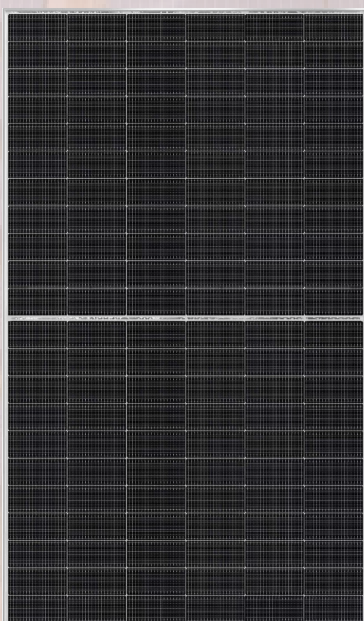

Ultra **V** Pro Series

Power: 610-625W

Model: STPXXXS-H66/Nsh+

Cells: 66 * (182*210mm) Rectangle Cells

Ultra **X** Pro Plus

Power: 705-720W

Model: STPXXXS-D66/Nsh+

Cells: 66 * 210mm Rectangle Cells

Established in
2001

55GW Cumulative
Shipments

100+ Countries

600+ Patents

Trusted Local Support

Local offices since 2007 in Melbourne & Sydney with Technical service staff available to support you.

VDE Approved

Only manufacturer with commercial range products approved to VDE providing unparalleled quality in the C&I sector.

Low Failure Rate

Extremely low failure rate recorded (<0.085% from 2003-2023) maximising the operation & energy yield of your asset.

Tested for Reliability

Products are free from PID, LID, LeTID and are tested for accelerated age tests (TC, DH, DML, etc.)

PVEL Certified

PVEL certified to 40mm hail balls at 30m/s velocity for Suntech's Commercial range products.

SEDEX Approved

SEDEX approved operations & factory satisfying all social responsibility, supply chain & modern slavery requirements.

Experienced Technical Team

Highly experienced technical team conducting O&M and engineering services for commercial solar systems.
